

HIGH ACCURACY SCALE

Precision that Performs

1 Summary

Engineered for precise weighing applications, making it ideal for use with **precious metals, high-value chemicals, delicate herbs, and cannabis.**

The workstation features a segmented LED light bar that provides clear, real-time visual guidance, enabling users to easily determine the exact amount to “add” or “take away” to achieve the desired final portion.

A remote foot pedal helps eliminate vibration and minimises physical disturbance during the weighing process, further enhancing measurement reliability.
