

MCW BULK XL CHECKWEIGHER

BUILT FOR BIG PERFORMANCE

1 Summary

Engineered for larger, bulkier items, the MCW Bulk XL delivers uncompromising accuracy, ensuring every container meets exact weight specifications. This robust system safeguards product quality and compliance, reducing waste and improving efficiency across your line.

Featuring a 15.6" touch screen interface and full integration with MARCO Yield Control software, operators gain real-time feedback and office-based production monitoring for complete visibility and control, helping you maintain brand integrity and customer trust while maximising throughput.
