

MARCO TRAINING

Building Confidence - Driving Results

1 Summary

Investing in your team is investing in the success of your operation. Well-trained staff are more confident, efficient, and consistent, helping to improve productivity, accuracy, and overall system performance.

MARCO Academy provides a range of practical training designed to help users maximise the value of their MARCO software modules. By building knowledge and confidence across your team, you'll improve system utilisation, encourage continuous improvement, and achieve a greater return on your investment.

2 What You'll Learn

- Introduction to your MARCO solution
- System overview and functionality
- User and operator guidance
- System configuration and setup
- Reporting and performance insights
- Best practices and optimisation techniques

3 What To Expect

Benefit	Outcome
Structured Learning	Tailored to your MARCO modules and processes
Interactive Sessions	Hands-on exercises and real-world scenarios
Empowering Training	Greater user confidence and system adoption
Completion Certificate	Documented training records and achievement recognition

4 Options

- In-depth module training
- Follow-up support sessions
- Refresher training
- Train-the-trainer programmes

5 Why Choose MARCO Academy?

- ✓ Improve user confidence and competency
- ✓ Maximise system performance and productivity
- ✓ Reduce errors and increase operational efficiency
- ✓ Support continuous improvement initiatives
- ✓ Ensure your team gets the most from your MARCO investment
